- Hi-Speed
- Heavy Duty
- Accurate
- Efficient

DURMA The Winning Force

As a total supplier for sheet metal manufacturing with almost 60 years of experience, Durma understands and recognizes the challenges, requirements and expectations of the industry. We strive to satisfy the ever higher demands of our customers by continuously improving our products and processes while researching and implementing the latest technologies.

In our three production plants with a total of 150.000 m², we dedicate 1,000 employees to delivering high quality manufacturing solutions at the best performance-to-price ratio in the market.

From the innovations developed at our Research & Development Center to the technical support given by our worldwide distributors, we all have one common mission: to be your preferred partner.

Present Durmazlar machines with **DURMA** name to the world.

The Winning Force

Rigid body structure and perfect cutting

Unique design and rigid body enable SBT series to provide perfect cutting quality and low cost solutions.

Advance Your Standards

Precision and high quality cuttings

High technology standards, design and user-friendly interface SBT provides perfection with high standard safety, efficient solutions that strengthen your skills and add value to your company.

We have reduced the cutting angle to achieve straight precision and minimum twist tolerance.

Why *DURMA* Shears

- Fast and quality cuttings
- Robust body structure
- High precision and repeatability
- Low maintenance cost
- Hi-tech perfect equipments
- Boost your business
- Reliable Brand

Gain More Power

High performance, advanced technology and economic solution

DURMA Shears have been manufactured since 1956 and have been installed and working in a wide variety of sheet metal cutting operations for many industries.

Years of experience has helped us develop durable, low distortion and precise cutting machines.

General Specifications

- Robust design & powerful body for perfect cutting
- Hardened and ground blades for long life and precise
- Proved and rigid design with swing beam top table
- Minimum deformation and optimum cutting quality with best cutting angle
- CE standards security
- The combination of economic and perfect cutting performance
- CNC controlled gap adjustment and cutting angle
- User friendly CNC touch screen control unit
- Provide flexible use for narrow or wide, thin or thick sheet metal cutting.
- Automatic swing up back gauge for more comfortable use
- Sheet support arms
- Automatic front feeding, conveyor
- Balls tranfered table and T-slot front feedings arm helps prices cuttings
- Table with balls and feeding plates

Strong Back Gauge System

Precise

Robust

Min. Deformation

- Fast and high accuracy
- Reliable movement
- Adjustment from each point
- Resistance to crash
- Maintenance free

Why *DURMA* Back Gauge?

One of the most important factor for cutting capacity is the design of back gauge and stability.

Quality cutting is possible with perfect product, stability and precision back gauge.

The high speed **ballscrew** back gauge system movement is also supported with **linear guides**, which helps the back gauge achieve long life, greater sensitivity and strengthens against any collisions.

Ballscrew back gauge

SBT Series General Features

With choice of standards and optional equipment SBT boost your business by offering proper solutions for your needs. With the hi-tech features like high efficiency, precision, and high performance criteria SBT has proved that it is user friendly and the best of this sector.

Flip-up Finger Guard
Ball Transfer Table
Hydraulic Holdowns

Adjustable Angle Stop 0-180°

Light Curtains For Finger Protection

Blade Gap Adjustment

Thin Sheet Support System

Sheet Support Systems

- Better and fast cutting
- Easy and secure usage
- High precision and repeatability

Pneumatic Thin Sheet Support System

SBT Series Technical Details

SBT Series	Cutting Length	Cutting Capacity		Throat Depth	Stroke per min.	Cutting Angle	Holddowns	Holddown Force	Back Gauge Range	Back Gauge Force
		MS (450 N/mm ²)	SS (700 N/mm ²)							
	mm	mm	mm	mm	1/min.	°	Unit	Ton	mm	kW
	A			D						
3006	3100	6	4	50	15	1° 30'	16	14	1000	0,75
3010	3100	10	6	50	13	1° 30'	16	22	1000	0,75
3013	3100	13	8	50	13	1° 45'	16	37	1000	0,75
3016	3100	16	10	350	10	2°	14	61	1000	0,75
3020	3100	20	13	350	6	2°	14	77	1000	0,75
4006	4100	6	4	50	12	1° 30'	20	17	1000	0,75

Standard & Optional Equipment

Standard Equipment

Heavy duty St 44 steel construction & stress relieved frame
 User friendly CNC Touch screen control unit D-Touch 7
 Easy blade gap adjustment
 Ball integrated front tables
 Ballscrew back gauge, 1000 mm & automatic swing-up
 Squaring arm with scale & T-Slot & tilting stop
 Support arms T-Slot & Tilting stop
 Illumination & shadow line 1 mt flip-up finger guards
 Automatically pressure adjusted solid holddowns
 Top blades with 2 sides and Bottom blades with 4 sides
 Foot pedal
 High performance hydraulics & electronics components
 Swing-up back gauge

Back Gauge Speed	Motor Power	Oil Capacity	Front Armas	Tabla Height	Table Width	Table Length	Length	Width	Total Width	Height	Weight
mm/sec.	kW	lt	Unit	mm	mm	mm	mm	mm	mm	mm	~kg

200	15	200	3	865	580	4510	5230	2300	3600	2150	11750
200	30	330	3	818	550	4520	5350	2250	3650	2250	16300

Optional equipment

CE-Norm
 Motorized blade gap adjustment
 Laser cutting line
 Light curtains for finger protection
 Pneumatic thin sheet support *DURMA I*
 Pneumatic thin sheet support *DURMA IV*
 Special throat depth
 Backgauge 1250 mm.
 Add. support arms
 Adjustable holddown pressure
 Special blades
 Oil coolant
 Oil Header
 Adjustable angle stop 0-180°
 Control panel on opposite position
 Temperature measurement
 Overseas special packaging

D-Touch 7 Control Unit

Fast data entry

Easy connection USB port

Ethernet RJ-45 10/100M

Easy programming

Cuttings are easier with D-Touch 7

With easy to use interface D-Touch 7 enables perfect cutting in seconds by endless programming and material entrance feature.

- Wide, colored, touch-screen (LCD 7" 800x480)
- Quick data entry
- Easy connection
- USB input
- Ethernet: RJ-45 10/100M
- Windows CE Unlimited program and steps
- Unlimited material type

Fast on Service and Spare Parts

DURMA provides the best level of service and spare parts with qualified personnel and spare parts in stock. Our experienced and professional service personnel are always ready at your service. Our professional training and application enriched courses will give you an advantage to use our machinery.
